

gko::Allocator

```
graph BT; A[gko::CpuAllocatorBase] --> B[gko::Allocator];
```

The diagram illustrates a class hierarchy. At the bottom is a gray box labeled 'gko::CpuAllocatorBase'. A blue arrow points upwards from this box to a white box at the top labeled 'gko::Allocator'. This indicates that 'gko::CpuAllocatorBase' inherits from or is a specialization of 'gko::Allocator'.
